

A letter to our patients,

We at Lapeer Dental Centre take your health very seriously. That is why we continue to monitor the situation regarding the COVID-19 virus.

In order to ensure the safety of our patients and dental team members, we continue to closely adhere to the CDC's guidelines regarding sterilization and sanitizing. Additionally, we are taking extra precautions by wiping down surfaces every hour.

The U.S. Center for Disease Control recommends the following measures to reduce the risk of contracting COVID-19:

- Call to reschedule when you or someone in your family is feeling ill.
- Refrain from bringing extra bodies into our office, when applicable.
- Avoid contact with people who are sick.
- Avoid touching your eyes, nose and mouth.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, throw the tissue in the trash and wash your hands.
- Wash your hands often with soap and water for at least 20 seconds, especially after using the bathroom; before eating; and after blowing your nose, coughing or sneezing.

For the safety and well-being of our patients and dental team we ask that if you or a family member are ill, please stay home and contact our office to reschedule your appointment. We are happy to help you find another convenient time.

Please know that we will continue to monitor developments and will communicate with you as necessary. Thank you and let us know if you have any questions.

Sincerely,

The Lapeer Dental Centre Staff
