

COVID-19

New Executive Order 2020-67 extended Michigan's state of emergency through May 28th.

Unfortunately, this means that our closure is extended as well. All nonessential and/or elective dental procedures are to remain postponed until the state of emergency is lifted.

The safety of our patients and staff is our #1 priority.

Call us at 810-664-4542 and listen to our voice message for details if you have an emergency.

Not sure if you do?? Check out the link in the description box.
