

Free CE Courses!

Nikki from Ultradent

1. Head over to www.CDEWORLD.COM/ULTRADENT
2. Create a new profile with name/address/phone number/email
3. Choose your first course
4. Enter promo code LUNCH to cover the \$18 cost (this is small and to the top right)
5. That code is good for any 2 quizzes of your choice

Amanda from Oral-B

Hello everyone,

I want to remind you that there is a wealth of information on Dentalcare.com and many CE courses that are worthwhile and completely **FREE** to Dental Professionals.

Even if you are not in need of credits, but want to freshen up or learn something new, these courses can help.

In addition, there are videos and activity/coloring sheets for children. If you have little ones at home, please look to the website, click "Patient Education", choose the drop down for "Children" and you'll find all of these tools there.

As always, I am available for any questions or needs that you may have. Feel free to call, text or email me. I would also love to see some of those masterpieces that your children create. **Feel free to send me a picture of their completed coloring sheet and I'll send them a special little prize in the mail (brush and paste related of course!).**

Best wishes to you in the days and weeks to come. I look forward to seeing you all again in the office in the very near future.

Amanda
